

# Theme Keynote Speaker

## Peter Hunter, FRS

*Professor of Engineering Science  
Director, Bioengineering Institute  
University of Auckland  
New Zealand*

### **Talk title: Computational Physiology and the VPH/Physiome Project**

Prof Hunter holds engineering degrees from Auckland University and a DPhil (PhD) in Physiology from Oxford University. He is currently a Professor of Engineering Science and Director of the Bioengineering Institute at the University of Auckland, and Director of Computational Physiology at Oxford University. As co-Chair of the Physiome Committee of the International Union of Physiological Sciences he has been helping to lead the international Physiome Project, which aims to use computational methods for understanding the integrated physiological function of the body in terms of the structure and function of tissues, cells and proteins.
